Executive summary

Requests for information

3. As a Scottish public authority we have statutory obligations to respond to requests we receive for information. Requests and request for reviews are forwarded, on receipt, to the most appropriate member of staff for a response. We maintain a record of all requests in our case management system.
4. Our target response timescales are set out in the Key Document C7 Performance and Quality Framework 2020-21.

Subject Access Requests

Volumes of requests

6. Any requests categorised as joint FOISA/EIRs have been included in both the FOISA and the EIR numbers. The attached summary table analyses the statistics in the same way. COVID-19 pandemic

18. Our priority as an organisation has been to continue to provide key services and guidance within available resource while safeguarding the health, safety and wellbeing of our members of staff.
19. Since temporarily closing our office premises on 23 March 2020 and putting in place business continuity arrangements, we have maintained operational output within the constraints imposed by limitations on access to our office premises and office systems. This has included responding to requests for information.
20. Our interim policy and Key Document "Covid-19: How the Commissioner will respond to FOI requests during the temporary office closure due to the impact of the Covid-19 pandemic" sets out how the Commissioner aims to comply with requests under the Freedom of Information (Scotland) Act 2002 (FOISA) and the Environmental Information (Scotland) Regulations 2004 (the EIRs) during the temporary closure of the office premises due to the Covid-19 pandemic. This interim policy is regularly reviewed.

Risk impact

21. We have policies and procedures in place providing detailed guidance on how to respond to requests for information and requests for review. They are regularly reviewed to ensure that they are up to date and that requests are being appropriately handled and responded to.
22. Failure to respond to information requests and reviews within the statutory timescales would have an adverse impact on the Commissioner's reputation.
23. This CR contributes towards the control measures aimed at reducing the likelihood and impact of risk relating to information governance.

Equalities impact

24. There is no direct equalities impact arising from this report.

Privacy impact

However, responding to such requests, within the required timescales is an important function of the Commissioner.

Operational/ strategic plan impact

27. The guidance and procedures for handling and responding to requests for information and requests for reviews aim to ensure consistency of approach across the office and improve the efficiency of the process.

Records management impact (including any key documents actions)

28. The Key Document C2 Responding to Information Requests: Guidance and Procedures in under review due and the HOCS is the Responsible Manager for this document.
29. The HOE has begun a review of the administration aspects of handling RFIs, including managing and responding to requests for information and requests for reviews. The HOCS is involved in this review and, in due course, will submit a report on any changes to the procedures and the Key Document to the SMT for approval.
30. As a result of the impact of the COVID-19 pandemic, it was not possible to complete this review in 2020-21 and the review has been carried forward into 2021-22 and will be completed as soon as possible.
