# Operational Plan 2022-23 Monitoring Report

Scottish Information Commissioner

# Introduction

## Introduction

This document sets out the Scottish Information Commissioner's operational plan for the period from 1 April 2022 to 31 March 2023. The operational plan explains how we will realise the Commissioner's vision and strategic objectives, as set out in the Strategic Plan 2020-24, and provides a tool for on-going monitoring of outcomes and management of resources, financial and human.

## Vision

**The impact of Freedom of Information is increased, being recognised and valued as the key enabler of openness and transparency of public functions in Scotland, enhancing people's right to access the information that matters to them**

## Strategic aims

To realise this vision, the Commissioner's office will:

- (1) increase knowledge and understanding of FOI rights
- (2) enable and support high standards of FOI policy and practice
- (3) develop Scottish public sector culture and practice where the proactive disclosure of information is routine and valued
- (4) influence and support the development and strengthening of Scottish FOI law and practice
- (5) contribute to Scotland being respected as a world-leader in openness and transparency
- (6) be recognised as an organisation of independent and trusted experts that is run efficiently, governed effectively and is open and transparent

## Structure of the operational plan

The operational plan is laid out as a programme of actions listed under types of operational activity, with cross references to which strategic objective(s) it supports. The actions listed are business as usual (BAU) and one-off projects. This is a working document which forms the basis of on-going monitoring and assessment and may be updated within the financial year.

In general, BAU will be managed and monitored in line with set targets, performance indicators, established reporting structures and approved policy.

Projects will be managed according to general project management principles and practice and are approved by the Senior Management Team (SMT).

## Monitoring and reporting

Progress against the plan will be reviewed every two months by the SMT and an update of progress will be published following this review in the Operational Plan Monitoring Report 2022-23.

Achievement and output against individual line items will also be assessed and reported in line with the organisational targets and indicators and measures set out in our Key Documents C7 Performance and Quality Framework 2022-23 and C1 Governance Reporting Arrangements.
